

RPL1800-series

- assortment box with system solution

RPL1800 is a complete assortment box for professional users. A system solution for storing tools and end terminals used in daily work. The box is made of unbreakable plastic with polypropylene walls and a polycarbonate lid. Practical and securely designed to be stackable with removable inserts, perfect for easy refilling of terminals. Handles and closing devices are fully integrated in the design which makes it very easy to handle.
